Pioneering life...

Interior Care

PIONEER ACRYLIC PASTE PUTTY

Wall plastering has never been so easy, so in order to overcome this difficulty PIONEER has introduced PIONEER ACRYLIC PUTTY. PIONEER ACRYLIC PUTTY is the ready mixed wall putty that gives your walls super smooth finish and which is faster than other ordinary putty. It is Pre-Prepared and easy to apply. Being ACRYLIC based it is Primer FREE.

Packing available: 20kg bag

PIONEER ACRYLIC POWDER PUTTY

PIONEER ACRYLIC POWDER PUTTY is the wall putty in the powder form that gives your walls super smooth finish. It is faster to prepare, apply, dry and paint. Being ACRYLIC based it is Primer FREE. Pioneer powder putty is a perfect blend of natural minerals provided by the mother earth. It is used for application on different types of surfaces to get the smooth Pure White finishes.

Packing available: 1kg, 5kg, 20kg and 40kg bag

LOTUS PLASTIC EMULSION

PIONEER'S Lotus Plastic Emulsion gives a smooth and matt finish to the wall. A perfect buy if you have been using distemper till now. It is premium quality, more durable and has long lasting finish. Lotus Plastic Emulsion is made up of top quality acrylic co-polymers, which not just gives it a superior finish and excellent coverage, but a soft silky finish

Packing available: 1ltr, 4ltr, 10ltr and 20ltr container

PIONEER ACRYLIC DISTEMPER

PIONEER ACRYLIC DISTEMPER is water based, interior wall paint and gives walls a delightful, attractive, matt finish that lasts for ages. It is an economical interior coating. It is a tested formulation with acrylic co-polymer binder, its special formulation ensures shade retention for a long time and its fast drying property facilitates quicker completion of painting jobs. Acrylic Distemper dries within 2-3 hours and therefore successive coats can be applied in quick time.

Packing available:

2kg, 5kg, 10kg and 20kg container

Interior & Exterior

PIONEER'S NATURA TEXTURE

Natura textures are co-polymer based finishing for beautifying and protecting concrete structures. NATURA Texture draws inspiration from nature and transforms these exciting textures to your walls, homes and lives. It is recommended for exterior as well as interior application. NATURA Texture being water repellent, fire resistant and flexible gives better outlook with various designs along with infinite colour combination. NATURA Textures are not only simple and decorative, but also highly durable and can withstand any demotic conditions.

Packing available: 5kg and 25kg bag/container

PIONEER WATER BASED PRIMER

PIONEER WATER BASED PRIMER is premium acrylic primer made from cross linking polymers. It can be used for both exterior as well as interior application. It reduces the porosity of the surface and therefore increases the coverage of the paint. Pioneer Water Based Primer gives a soft feel to the surface and reduces the porosity. It also protects the wall from any anti fungal and algae resistant.

Packing available: 1ltr, 4ltr, 10ltr and 20ltr container

PIONEER CEMENT PUTTY

PIONEER CEMENT PUTTY is a Wall Putty specially developed as a finish coat to cover unevenness and pinholes in plastered surfaces and to make the walls/ceiling ready for painting. As it is White, it can be treated as a base coat for painting. It contains finest quality minerals, white cement and polymers.

Grades available: MF and SF

Packing available:

1kg, 5kg, 20kg, 30kg and 40kg bag

Exterior Care

SAFARI EXTERIOR EMULSION

PIONEER'S Safari Exterior Emulsion is water based exterior wall finish suitable for dry to moderately humid climatic conditions. Safari Exterior Emulsion gives neat and clean shades that do not fade and last longer than cement paint shades. Currently it is available in white and different light shades.

Packing available: 1ltr, 4ltr, 10ltr and 20ltr container

SAFARI 100% EXTERIOR EMULSION

PIONEER'S Safari 100% Exterior Emulsion is water based 100% acrylic, exterior wall finish, a high performance, long lasting exterior paint specially designed to resist saponification, U.V. degradation, etc. It also provides protection against any algae or fungal growth. It is a high sheen product.

Packing available: 1ltr, 4ltr, 10ltr and 20ltr container

Waterproofing

PIONEER CRACK REPAIR

PIONEER Crack Repair is highly flexible, asbestos free, high solids filler for major and minor cracks. It is white cement based crack filler specially developed to fill cracks in plastered surfaces. It contains finest grades of cement, sand, selected fillers and best quality polymers to give it unique properties. The materials should be used only to fill shrinkage cracks and other small cracks in plaster. Pioneer saves time and makes labour's work faster. This should not be used to fill structural cracks and construction joints. It is available in powder form.

Packing available: 1kg, 5kg and 20kg bag

Tiling

PIONEER'S TILE ADHESIVE

PIONEER'S Tile Adhesive is a ceramic tile adhesive. It is a pre-packed cementitious tile adhesive which ensures an excellent bond on concrete, plastered and even ceramic and mosaic tile surfaces. Pioneer Tile Adhesive ensures perfect water tightness.

Packing available: 10kg & 20kg bag
